

## 20 OCTOBER '21 VIRAL INFECTION IN THE ICU

08h30 - 09h00	KEYNOTE LECTURE: <b>IN MEMORIAM - A REVIEW OF COVID 19, 2020/21.</b> José Artur Paiva
09h00 - 10h15	ROUND TABLE: <b>OUTCOME IN CRITICAL COVID 19.</b> -Outcomes of patients requiring invasive mechanical ventilation. <b>Rui Pereira</b> -Decreasing mortality: what to use and when? <b>Marius Troseid</b> -Overuse of antibiotics? Focus on appropriate diagnosis. <b>Rafael Canton</b>
10h15 - 10h45	COFFEE-BREAK
10h45 - 12h00	ROUND TABLE: <b>NOSOCOMIAL INFECTION IN CRITICAL COVID 19.</b> -Is ventilator associated pneumonia really a specific issue? <b>Ignacio Martin-Loeches</b> -What about invasive fungal infection? <b>Carolina Garcia-Vidal</b> -A practical approach to nosocomial infection. <b>Nuno Príncipe</b>
12h00 - 12h30	CONFERENCE: <b>MDR MICROORGANISMS. CAN THE FUTURE BE BRIGHTER? RESULTS FROM THE STEP 2 STUDY.</b> Rafael Canton
12h30 - 13h00	<b>CMV INFECTION - CLINICAL CASE AWARDS 2021.</b> Moderator: Ana Lebre
13h00 - 14h30	LUNCH
14h30 - 15h00	KEYNOTE LECTURE: <b>IS THIS THE DAWNING OF A NEW ERA IN RESEARCH?</b> Marius Troseid
15h00 - 16h30	<b>VIRAL INFECTION IN THE ICU: BEYOND SARS-COV-2</b> -Viral reactivation syndromes in critically ill patients. <b>Sérgio Paulo</b> -When to look for viral etiology in critically ill patients with respiratory infections? <i>TBA</i> -Preparing for the next pandemic: lessons learned. <b>Antonio Diniz</b> -Antiviral drugs in the pipeline. <b>Andre Kalil</b>
16h30 - 17h00	COFFEE BREAK
17h00 - 17h30	<b>GRAM-NEGATIVE INFECTION - CLINICAL CASE AWARDS 2021</b> Moderator: Paulo Mergulhão
17h30 - 18h30	<b>MEET THE EXPERT – HOW TO USE RESPIRATORY SUPPORT? LESSONS FROM COVID PANDEMIC.</b> Philip Fortuna   Nuno Príncipe
18h30	<b>CLINICAL CASE AWARDS 2021</b>

## 21 OCTOBER '21 SEPSIS AND CANCER PATIENTS

- 
- 08h30 - 09h45**      **ROUND TABLE: TOUGH CALLS IN ONCOLOGY**  
-The epidemiology of cancer patients requiring ICU admission. **André Gomes**  
-Management of Blood Stream Infection in hemato-oncology: a role for Artificial Intelligence? **Carolina Garcia-Vidal**  
-End-of-life infection: Ethical boundaries. **Iuri Correia**
- 
- 09h45 - 10h15**      **CONFERENCE:**  
**CYTOKINE STORM SYNDROME AND OTHER COMPLICATIONS OF INNOVATIVE CANCER TREATMENTS. TBA**
- 
- 10h15 - 10h45**      **COFFEE-BREAK**
- 
- 10h45 - 12h00**      **ROUND TABLE: MANAGEMENT OF INFECTION IN CRITICALLY ILL CANCER PATIENTS**  
-Is de-escalation safe? **Djamel Mokart**  
-The Carbapenemase producing Enterobacteriaceae epidemic. **Cláudia Nazareth**  
-Antifungal therapy in neutropenic patients: when and how? **Carolina Garcia-Vidal**
- 
- 12h00 - 12h30**      **KEYNOTE LECTURE:**  
**THE GLOBAL BURDEN OF SEPSIS. Paulo Mergulhão**
- 
- 12h30 - 13h00**      **CONSENSUS CONFERENCE SPO / SPCI**  
**REFERENCING AND ADMITTING THE ONCOLOGY PATIENT TO INTENSIVE CARE. Nuno Bonito**
- 
- 13h00 - 14h30**      **LUNCH**
- 
- 14h30 - 15h45**      **ROUND TABLE: RISK ASSESSMENT IN SEPTIC CANCER PATIENTS.**  
-Business as usual? **TAB**  
-The role of rapid response systems. **Márcio Borges-Sá**  
-Can we monitor immune function in non-neutropenic patients. **Susana Fernandes**
- 
- 15h45 - 16h45**      **HEMATOPOIETIC GROWTH FACTORS.**  
-The hematologist view. **Ricardo Pinto**  
-The Intensivist view. **Elie Azoulay**  
-The immunologist view. **Santos Rosa**
- 
- 16h45 - 17h15**      **COFFEE-BREAK**
- 
- 17h15 - 18h30**      **ROUND TABLE: SURGICAL SITE INFECTIONS.**  
-Reducing incidence and antibiotic overuse. **Aldara Faria**  
-When is source control an emergency? **Philip Montravers**  
-Is there a role for Anti-Fungal heterogeneity? **Dulce Pascoalinho**

## 22 OCTOBER '21 INFECTION AND SEPSIS HOT TOPICS 2021

08h30 - 09h45

ROUND TABLE: **SEPSIS PHENOTYPES: FROM BENCH TO BEDSIDE.**

-Are we closer to truly personalized care? **Rui Moreno**

-Tailoring antibiotics to patient and bacteria. **TBA**

-Artificial Intelligence and Sepsis recognition. **Márcio Borges-Sá**

09h45 - 10h15

CONFERENCE:

**SEPSIS IS A CHRONIC DISEASE: POST INTENSIVE CARE SYNDROME AND BEYOND.** **João Gonçalves Pereira**

10h15 - 10h45

COFFEE-BREAK

10h45 - 12h00

**THE GLOBAL THREAT OF SEPSIS**

-Sepsis in Lower Income Countries: what can be / is being done? **Cristina Nunes**

-Sepsis and Antimicrobial Resistance: twin threats with parallel responses? **Rafael Zaragoza**

-Early recognition remains the key issue. **Ricard Ferrer**

12h00 - 12h30

**UPCOMING TARGETS FOR SEPSIS MANAGEMENT: BEYOND ANTIBIOTICS.** **Ricard Ferrer**

12h30 - 13h00

**THE FUTURE OF THE IIS AND GIS.**

**João Gonçalves Pereira | Márcio Borges Sá**
